1. Applicant's election without traverse of the method claims in the previous paper is noted of record by the examiner.

2. Claims 1-12, and 15-16 are allowed.

The following is an examiner's statement of reasons for allowance:

-The prior art of record fails to either singularly or collectively disclose a process for forming multiple resistors on a substrate with the specific process steps which are claimed by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 13-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

-The fifth paragraph of claim 13 is written in a very confusing manner, and should be rewritten.

4. Any inquiry concerning this communication should be directed to George A.

Goudreau at telephone number 571-272-1434.
